Great interest has been aroused among the local automobile enthusiasts in the Florida and Southern States championship events which are scheduled to be run during the Day

Cousinhood Allen has ordered racing seats and other equipment for his Buick and has announced that he will send the car to the starting line in every event in which it is eligible.

I believe that the automobile in Daytona should put their cars in the race. There are a number of fast cars here and other cities have their race meets with cars owned almost exclusively in their limits and not Daytona?

## AEROPLANE MAY FLY ON DAYTONA BEACH.

**Winged Machine  
Will Arrive in a Few  
Days.—Successful  
Flights Promised.**

A representative of an aeroplane arrived in Daytona today with Secretary Fitzgerald, in reference to bringing the aeroplane to the beach for a trial. Satisfactory arrangements have been completed and the monster winged machine will arrive in a few days, it being now at the factory ready for shipment.

The machine is forty-three feet in length and is equipped with two 36-horse power high-speed engines. Arrangements have been completed to build a store house 50x50, for the machine. The Bond Lumber Company has generously agreed to furnish the lumber for the building and the bridge company will erect it. The location will be near the Automobile Clubhouse.

The representative of the aeroplane company in conversation with the Daily News this morning said: "We are not looking for a big bonus but want to bring our aeroplane here to give it a thorough try-out on the beach and tune it up. If we wait to go to the north it will be fully six months before we can do anything on account of the weather. The aeroplane cost \$7,000 and it will fly. We took it to Tampa but upon arriving there found that there was no place where we could land without great danger of damage to the machine."

### A PAINFUL ACCIDENT

**AS RESULT OF FALL.**

W. H. Parker, of Fairview avenue, is suffering from a distressing accident. He has been confined at home with a severe case of grippe since Wednesday of last week, and had been making and taken very little sleep since that time. On Sunday morning, shortly after daylight, he got out of bed and came down stairs to get something, medicine, possibly. He was so weak and nauseated when he reached the foot of the stairs that he threw himself on a couch close at hand. After a little while he got up and attempted to cross the room but as he reached the door leading to the dining room he faltered and slipped like a lead weight, striking his chin against the edge of the dining table, knocked out some of his teeth and bruised the side of his head in a painful manner. Mrs. Parker, who was also sick with grippe, heard him fall, and was nearly paralyzed with fright when she reached him, as he was stretched out on the floor like a dead man, the blood pouring from his mouth. Dr. Klock was summoned as hastily as possible, and gave him relief he could. Mr. Parker is still suffering much from his injuries, and is not yet able to take nourishment except in liquid form, though he is walking around the house a little.

In the ladies' doubles, the Misses Radcliffe and Fitter defeated the Misses Kammerling and Hutchinson. The winners will have to play finals with the Misses McConnells today. No matches were played in the mixed doubles yesterday.

In the men's singles, Mr. Baker defeated Mr. Donnelly in straight sets, the playing of both being replete with clever work. Mr. Hyde defeated Mr. Clements in straight sets. Several matches in men's singles, finals in ladies' doubles and semi-finals and finals in mixed doubles yet remain to be played.

### THE METHODIST SUPPER A FINANCIAL SUCCESS.

The Chicken and Waffle Supper and Bazaar, given by the ladies of the Methodist Church at the Armory last night scored the success it merited both financially and socially, though more would have attended had the evening been more favorable.

The committee, Mesdames Jas. W. Shields, D. Austin, Edmund Miller, E. S. Hall and E. H. Winney, assisted by Rev. H. H. Mallinson, Mr. Miller and some others, deserve much credit for the good management and smoothness with which everything passed off and the excellent supper served. The receipts of the evening \$59.09.

### MINNESOTA REUNION

**LARGELY ATTENDED.**

**CELEBRATION PROVED VERY SUCCESSFUL, AND WAS ENJOYED BY UNUSUALLY LARGE NUMBER.**

The Minnesota Day celebration, at Twili - do cottage, on the ocean beach, Thursday, proved a very pleasant and successful event, the attendance almost reaching the hundred mark—ninety-eight being given as the total number.

The day was balmy and beautiful, perfect in fact, except for a shower, which however, fell while the picknickers were lunching and in no way marred the enjoyment of the occasion.

Following the delicious and bountiful picnic lunch, interesting addresses were made by Hon. Loren Fletcher, of Minneapolis; Asa Paine, of the same city and W. B. Reed, of Hastings.

Mr. Paine made a pleasant address, speaking of the pleasure of the reunion, and the beautiful day, congratulated his fellow Minnesotians on the fact that they were escaping the zero weather prevailing at the time in their home State, while Mr. Reed tendered the thanks of those present to Mr. and Mrs. Asa Paine, to whose effort and direction the success of the reunion was mainly due.

The majority of those present were from the twin cities of St. Paul and Minneapolis, although many other cities and towns were represented and there was a number of pleasant meetings of persons, from various parts of the State, who had not met since their childhood and school days together, these meetings forming a very pleasant feature of the reunion.

Notwithstanding the hearty appetites displayed there was, as is usual on such occasions, a quantity of edibles remaining and these were given to the children of the colored kindergarten of Midway.

One of the local photographers was present and made a number of pictures of the participants in the reunion.

### OF INTEREST TO OWNERS OF CANARY BIRDS.

The carnival man, who has been dealing out canaries to the people of Daytona, explains that the sex may be told by the shape and size of the head of the bird and other characteristics, but for the benefit of the general run of people not so familiar with the birds the Daily News publishes the following unflinching test handed in by one of its readers, who says: "It may be of interest to the many people who have recently been fortunate enough to secure Canary birds during the Street Carnival to know whether they have secured a male or female bird. This can easily be determined by the following test: Put a little bird seed in the cage and if he takes it, it is a male bird, but if she takes it, it is a female bird. This is a sure test."

UNDER WORLD, ARRESTED TO-  
DAY.**

BOSTON, Mass., Feb. 25—George W. Coleman, clerk of the National City bank of Cambridge, said to have plundered the bank for a quarter of a million, was arrested here this morning at the railroad station as he returned to surrender.

Coleman was arraigned today before United States Commissioner Hayes and held in \$50,000 bail, for the grand jury meeting this afternoon. An indictment is expected before night.

On a salary of \$12.00 per week, Coleman was a leading light of the under world and was keeping three women, it is alleged. It is also said that he lost \$40,000 by being duped by a New York "sure thing" man. He is believed to have lost heavily in the recent city elections.

If you have not already visited the Armory by all means do so this evening, for you are assured of a good time and every cent you spend is a contribution toward the improvement of the City Island, in which every citizen should take an active interest.

## WALL STREET BANK GOES TO THE WALL.

**INVOLUNTARY PETITION IN BANKRUPTCY FILED AGAINST FREDERICK SEARING & COMPANY.**

NEW YORK, Feb. 25—An involuntary petition in bankruptcy was filed today in the United States District court against the private banking firm of Frederick Searing and Company, of 7 Wall street. It is stated that the claims against the firm amount to \$300,000 with assets less. The petitioning creditors are the Delaware Machinery Co., William Chapman and Edwin Harrington.

The senior member of the firm is Frederick Searing, director of the American Steel Tie Co., president of the Delaware and Eastern Ry. Co., and director of the Dover & Newton Trust Co. He lives at Patterson, N. J.

Harry George the junior member of the firm, is secretary of the Delaware and Eastern Ry., vice president of the Denver Trust Co., and a director of the First National Bank, of Downsville, N. Y.

David H. Bilder, counsel for the firm, issued a statement this afternoon saying that the firm was engaged in building the Delaware and Eastern Ry. across the center of New York state and interested in financing the road.

Depositors of the firm number several hundred. They had demanded their money because of a recent statement, followed by an attachment against the firm, which frightened them and shook the bank's credit. Bilder thinks the firm's assets will amount to \$700,000.

John W. Sheppard was named as receiver and his bond fixed at \$50,000.

## MUCH INTEREST AROUSED IN LOCAL RACES.

**MANY AMATEURS WILL ENTER  
IN EVENTS WHICH FACTORY  
REPRESENTATIVES WILL BE  
BARRED FROM.**

Great interest has been aroused among the local automobile enthusiasts in the Florida and Southern states championship events which are scheduled to be run during the Daytona Beach Speed Carnival, March 22, 23 and 24.

Before the list of events was announced a number of automobilists who have fast cars and reside in Daytona, or this vicinity, called on members of the racing committee of the Florida East Coast Automobile Association and asked that one or two races be scheduled in which outsiders or factory representatives would be barred. This was done and now the racing fever seems to have taken a firm hold among the local daredevils.

E. H. Hotchkiss, whose racing Pope-Hartford, painted a battleship grey, has caused much comment among those who have seen it speeding over the beach, is ready to race any stock chassis in the country. Mr. Hotchkiss will go to the post in the Florida and Southern states championships a strong favorite.

Cook, of Orlando, and his speedy Buick and Chalmers cars are also slated for these events with young Meyers at the wheel. Peter Hart, of Daytona, who was mechanic for Lewis Strang last season, is said to have secured a car from a well known local sportsman, and with racing knowledge which Pete absorbed last season, he should land his car somewhere near the front.

Commodore Allen has ordered racing seats and other equipment for his Buick and has announced that he will send the car to the starting line in every event in which it is eligible. "I believe that the automobilists in Daytona should put their cars in the races. There are a number of fast cars here and other cities have their race meets with cars owned almost exclusively in their limits and why not Daytona?"

"Let's all get together and show the visitors that we can be as good sports as can be found anywhere else."

By L. C. DEMAREE.  
One of Daytona's crowning glo-  
ries is her incomparable beach. No  
one who ever set foot upon its  
smooth, packed sands; no one who  
ever pedaled a bicycle over its ex-  
panse; no one who ever drove a  
prancing pair of horses and listened  
to the popping of their steel shoes  
upon its asphaltum-like face; no one  
who ever steered a high-power au-  
tomobile down the broad stretch of  
wave-washed and surf-packed sand  
but realized that it is a world-beat-  
er, a world-wonder. Go stand upon  
this wide speedway and see the hap-  
py souls flit by in joyous mood, and  
answer whether this is not one of  
the seven modern wonders.

The Placid, Pellucid Halifax River.  
Where think you is water with more  
picturesque surroundings? Nearly a  
mile wide, fringed with tropical vege-  
tation, artistic cottages with roomy  
verandas looking out upon her bosom,  
gamey food fishes in countless num-  
bers beckoning, as it were, to those  
with rod and reel; her bosom fleck-  
ed with duck and coot and snowy-  
winged sea birds, which sit about as  
if for the sport of bobbing upon the  
waves; watch that lubberly old  
white headed pelican pouch a fat  
mullet, and that fish hawk struggling  
upward with his floundering load he  
snatched from the water.

See the beautiful lallüches, spick  
and span, their hamper and lockers  
bulging with refreshments both solid  
and liquid ready for a cruise upon the  
beautiful surface. Take out your fiel  
glass and sweep the river from  
Ormondg bridge to Ponce Park  
light house, then say whether the  
Halifax isn't a thing of beauty and  
a joy forever, and one of the modern  
wonders.

The Enchantingly Picturesque Ridge-  
wood.

Ridgewood avenue is upon the crest  
of a broad ridge, straight as the crow  
flies and the wide spreading branches  
of the heavy-trunked live oaks ex-  
tend their giant arms across the mag-  
nificent vista, forming an arch, and  
from these extended arms great festo-  
ons of Spanish moss sway as the  
trade winds from the tropic seas  
fan them. Looking straight ahead  
down this white shell street one has  
the impression of a fairy path with  
elfish draperies, but as you move  
along and cast an eye first to the  
right and then to the left you see dis-  
tinguished cottage homes in the most  
delightful settings.

See the glistening leaf of the grand  
magnolia which nature has varnished  
as no artists' brush ever could; and  
the cabbage palms with their burdens  
of showy fruit and swaying palms;  
see the lovely holly with its exqui-  
site berry; see the climbing vines  
run riot in the trees; see the cryp-  
togamons forms which gain a foot-  
hold on the great oaks and stately  
palms, and surely you will join in  
the chorus and say that this is a  
world wonder for beauty.

Surpassing Beauty of Our Cottage  
Homes.  
No one of Daytona's attractions,  
perhaps, commands more nearly uni-  
versal attention and praise than does  
the artistic cottages. The owners of  
these charming villas hail from every  
corner of the country and they bring  
their own architectural plans and  
build upon them, and as the archi-  
tecture of one section of the country  
differs from the architecture of another,  
so do our homes differ in outward  
appearance and structural beauty from  
one another. There are no monoton-  
ous rows of strikingly similar build-  
ings but the eye, as it sweeps by, is  
treated to a kaleidoscopic change  
which keeps the mind wondering,  
"What next?"

It is not only the exterior of many  
of these homes which rivets atten-  
tion; within they are models of con-  
venience, and the finishing and fur-  
nishing give evidence of the elegance  
and cultivation of those who worked  
it all out. Indeed, it is the interior  
arrangement and artistic furnishing  
and shading, more than the exterior  
appearance that gives a surpassing  
charm to Daytona homes. This fea-  
ture justly merits prominence as an-  
other wonder.

Streets and Pavements the Most  
and Best.  
Why the Architect of the Universe  
chose to give Daytona the most ad-  
mirable, the most picturesque natural  
setting of all the cities of the South  
is not revealed, but that such is a  
fact must be apparent to the most

superficial observer. With such lav-  
ish wealth of natural beauty it be-  
came an easy thing for the hand of  
man to give the finishing touches  
which have wrought out the colors  
and outlines of the big picture.

Man did all this in the laying out  
of the streets with their wide margins  
of parkage. The entire city becomes  
a great park, with driveways inter-  
secting, miles upon miles of drive-  
ways so good as to attract motorists  
from all over the continent.

And as for the pavements, pave-  
ments that look and act like granite,  
—where else between the eastern  
and western seas are so many miles  
in proportion to inhabitants? The  
pavement question stands with the  
street as one of the chief drawing  
cards. Till some unheard of  
place reports more and better, Day-  
tona throws down the gauntlet to the  
world.

Squirrels, Flowers, Birds and Fruit.  
Whatever one's shortcomings and  
however indifferent or even callous  
one may be to many things, the mere  
mention of "flowers and Squirrels,  
birds and fruits" will send a thrill  
that is reflected in distended pupils  
and pricked ears.

For every visitor with a spare goo-  
ber there is a bunny ready to come  
and accept your gift. He will sit bolt  
upright and know into the meat,  
tasting furtive, saucy glances at you  
meanwhile.

Flowers. Usually fresh and bloom-  
ing the year 'round You are reminded  
of Goldsmith's couplet where  
Smiling spring its earliest visit paid  
And summer's lingering blossoms  
are delayed.

In one yard roses of variegated hues  
predominate; another household has  
a penchant for the poinsettia and the  
premises are aflame; another is hid-  
den in a jungle of tall cane. Variety  
is the spice of life and here is where  
you find it.

The birds flit in, and with their  
joyous notes help to give fullness  
and symmetry to the picture.

As for fruits, choice citrus fruits,  
Daytona yields the palm to none for  
quality and quantity per acre. There  
are scores of citrus groves in prox-  
imity to the city, branches bending  
to the earth with their burdens of  
luscious golden globes, which for  
beauty, prolificacy and all desirable  
qualities would truly astonish you.  
The Fastest Autos and The Finest  
Out.

The seventh world wonder, do you  
ask? Come, whether from Missouri  
or from Maine, from Kalamazoo or  
Timbukto, and you will be "shown."  
Here is where the world's record for  
speed is broken with every recurring  
season. Autos, the biggest, the fast-  
est, and the finest are on daily parade  
and the big show is as free as the  
pure artesian water from the thous-  
ands of flowing wells. It is a con-  
tinuous show with constantly shifting  
scene.

Everything goes, from a 2-horse  
power, up to a 200-horse power, and  
all degrees of speed from acanter to  
a two-mile-a-minute clip. You will  
probably catch the spirit, when you  
do the roads and the beach are yours.  
The Florida sunshine is free, the  
balmy ocean breezes are free, the  
birds and squirrels and flowers are  
free, the sparkling fountain water is  
free and you will have to go down in-  
to your wallet only for coin for auto,  
and bed and board.

This is no fanciful picture; it's all  
here. It is drawing other thousands  
and holding them enthralled, it will  
charm and hold you. Come and see.

**BEACH**, two enterprising and  
progressive towns on the Hal-  
fax Peninsula, are geographically  
although incorporated as separate  
municipalities. The towns pen-  
insula north and south for a  
distance of from three and one-half  
to four miles, and extend east  
west from the surging sea of the  
Atlantic Ocean to the Halifax River.  
The beautiful tide-water stream  
sets them apart from Daytona  
which they have close communi-  
cation by means of three bridges, as well as  
a half-hour ferry service.

Seabreeze and Daytona Beach are  
essentially summer and winter re-  
sorts and are making hundreds of  
new friends every year among those  
who desire to escape the discomfort-  
ing extremes of heat and cold, and  
their hotels and boarding houses  
are now receiving splendid patron-  
age from the most discriminating  
class of tourists.

The mean average temperature is  
degrees in the summer and 70 degrees  
in the winter, with an occasional  
extra rise or drop of a few days' du-  
ration, marks this as one of the most  
healthful locations in any section of  
the country, north, east, south or west.

The ocean itself, with its marvellous  
beach, hard as macadam and smooth  
as a floor, is the greatest attraction,  
although earth and air and sky seem  
to have entered into a combination  
to enhance its every charm. The  
beach is the famous automobile race  
course where every world's straight-  
away record has been made, and all  
these records it continues to hold  
without rivalry.

The sand of this famous speedway  
is composed largely of the shells of  
the coquina clam, which are about  
one-half inch long and very thin.  
For ages Nature has been rolling  
them up, washing them back into the  
surf and pulverizing them. Examined  
under the microscope each particle  
is round, unfit for mortar, builders  
say, because its smoothness prevents  
its holding together, yet, strange to  
contemplate, the very moment a wave  
leaves the wet, apparently soft beach,  
these round particles settle down  
into a cement almost as hard as ap-  
phalt, beyond the comprehension of  
one who has not seen it. Repairs are  
unnecessary, as twice each 24 hours  
it is entirely rebuilt by the tides.  
The beach has a width of 300 to 500  
feet, and can be used from two hours  
after until two hours before high tide,  
thus giving an average of seven or  
eight hours for automobiling some  
part of each day.

Seabreeze and Daytona Beach each  
have a permanent population of ap-  
proximately 1500. Sanitary ordi-  
nances are strictly enforced, streets  
and sidewalks are well kept, and  
new streets are being opened as fast  
as the increasing population de-  
mands. Besides hotels and boarding  
houses there is ample cottage ac-  
commodation for all winter visitors.

Seabreeze contains a handsome  
opera house and a Congregational  
Church; at Daytona Beach is a M. E.  
Church. An excellent high school  
is situated near the division line be-  
tween the two towns. Both towns  
have enterprising business establish-  
ments, as is evidenced by the  
advertisements on the left and right.

All the attractiveness of Seabreeze  
applies to Daytona Beach, the two  
towns being so similarly situated.  
The development of Daytona Beach  
has been fully as phenomenal as its  
sister on the north, and each year  
there is a substantial growth. The  
great sand dunes have been leveled  
and handsome homes have been  
built for both winter and all-year-  
round occupancy. Flowering shrubs  
have been planted, which are covered  
with a wealth of bloom both summer  
and winter.

Work of rebuilding the Clarendon  
hotel is now in progress. This mag-  
nificent fire-proof structure, which is  
to contain 250 rooms, when com-  
pleted will be the peer of any hotel  
in Florida. The site is immediately  
north of the clubhouse of the Florida  
East Coast Automobile Association.

The Ocean Pier is a great attraction  
to fishermen and it is lined summer  
and winter with enthusiastic disci-  
ples of Iziah Walton, who find it  
nothing unusual to land fish weigh-  
ing several hundred pounds.

## PROGRESSIVE NEW SMYRNA

NEW SMYRNA is situated fifteen miles south of Daytona and is an ideal spot reached from Daytona by a hard surface road winding through one of the most picturesque parts of Florida.

With its ancient ruins dating back to a time when the history of man runneth not, interlaced with wires of the modern telegraph and telephone, its miles of shell streets as hard and smooth as a floor and over-arched by hoary forest giants that grew in stately grandeur during the lapse of bygone centuries, New Smyrna is truly a place of romance and rest.

All nature here is very inviting to the tourist and pleasure-seeker. Here too is to be found the best fishing and hunting in the State of Florida.

The people are thrifty, the business men enterprising, and all unite in extending the welcome hand of hospitality to strangers. There are five church edifices for white people and an equal number for the colored population; the town has an excellent high school, a splendid public library, and up-to-date business houses.

There are any number of pretty homes for the permanent population, which numbers close to 2,000, and some very fine winter residences. There are good hotels and boarding houses where you can find accommodations to meet your requirements.

Adjoining New Smyrna is as fine a section of vegetable land as can be found anywhere. This land has been divided into small farms which can be bought at reasonable prices. Some of the finest celery grown in the State is raised on this land. All other vegetables grow in abundance, and here, too, is the home of the famous Indian River oranges.

New Smyrna has no bonded indebtedness and the tax levy is low.

A point that no tourist should fail to visit is the ruins of the Old Spanish Mission which stand somber and alone about one and a quarter miles southwest of New Smyrna. A good road leads to the place and the trip can be easily made by an automobile. Silent, in the great pine flats by the margin of the forest, is this place of pilgrimage for the pious; this rendezvous for the picnicker. The ruins are extensive, and while there is no authentic history of their origin, it is presumed that the Mission was built by the Franciscans in the days when the once powerful Kingdom of Spain first planted its flag upon what is now American soil. It was built of coquina, the roof being of the same material, cut into thin slabs and covered with cement plaster. Extensive gardens surrounded it, which were enclosed by a stone wall, portions of which still remain. Visitors usually come in parties merry and curious but the spell of the place soon falls upon them and they separate to sit alone, silent and meditative, under the arches or beside the ancient well.

## CORONADO

Is situated on the peninsula opposite New Smyrna and is connected by a good road and bridge over the deep current of Indian River. Here you can put aside your conventional garb, breathe in large and deep the salty tonic of the sea and enjoy yourself to your heart's content with rod and reel in row or sail boat or in the ocean surf a short half-mile away. The great varieties of fish inhabiting the river and lagoon pass through the channel from the sea beneath the bridge. From verandas, upper balconies and windows you behold the magnificent river, the distant lagoons and islands, the forest-covered peninsula and the vast reaches of the Atlantic Ocean.

## HAWKS PARK

A pretty village located along the ridge above the Indian River two and one-half miles south of New Smyrna and connected with fine shell roads. There is the appearance of newness, comfort and seclusion about the place which stamps it as the abode of people who come here to enjoy the blessings of outdoor life away from places where crowds are apt to gather.

ORMOND is five miles north of Daytona, located on the western bank of the Halifax River. The location of the town permits of good drainage and perfect sanitation; the elevation is superb and ideal for winter homes. A wide bridge connects Ormond with Ormond Beach.

Many fine residences are maintained on either side of the river, most of them embellished with subtropical flora and shrubbery, besides thrifty orange and other citrus fruit trees.

The town is very cosmopolitan, has an excellent graded school, several churches, a fine public library, up-to-date places of business and comfortable and convenient hotels and boarding houses.

Ormond has many of the Florida attractions—fine fruit, good fishing, excellent automobilism, safe boating, salubrious climate and pleasant walks and drives.

At Ormond Beach is located the large Hotel Ormond, and its lesser sister, Bretton Inn. The former occupies a position overlooking the Halifax River, while the latter has as its outlook the magnificent beach and the broad Atlantic.

The walks in all directions are particularly attractive, and the arbors, shady and inviting spots and romantic nooks are crowded with rustic seats which are mute invitations to enter into the enjoyment thereof.

Besides the broad, smooth ocean beach there are many drives for carriage or automobile—long drives and short drives; drives through groves of golden oranges; drives through dense tropical forests to Spanish ruins; drives to the ancient Causeway built by the slaves of planters of long ago, and drives to the plantations of hospitable settlers, whose places are replete with the interest of Southern fruits and flowers.

One of these interesting plantations is Number Nine, located on the peninsula, five miles north of the Hotel Ormond. Here you see a fine orange grove, together with great varieties of other sub-tropical fruits and flowers.

Five miles further on you come to Moundgrove, one of the finest orange groves in this section of Florida. Moundgrove is on the headwaters of the Halifax River and is amid pretty surroundings. The place is reached by a good road (passing Number Nine) and is a drive all tourists may enjoy.

## PICTURESQUE PORT ORANGE

PORT ORANGE is a pretty little village situated five miles south of Daytona on the Daytona-New Smyrna hard-surface road, the scenic highway of the East Coast. The town is located on the Halifax River, over which spans a bridge from the town to the peninsula opposite.

The town is well laid out and has many pretty homes owned and occupied by residents and winter tourists. It has several churches, one of the best graded schools in Volusia county, two general stores, a real estate agency and two or three hotels.

A large number of tourists and winter residents make Port Orange winter headquarters, one of the several attractions being the excellent fishing. Port Orange is in the orange belt and a number of very fine citrus groves are nearby, where oranges, tangerines and grape-fruit hang in profusion. Some of the best trucking land in the State is to be found thereabout and excellent crops are raised.

West of Port Orange a short distance are the remains of the old Dunlawton sugar mill, a spot that is visited every year by hundreds of tourists. At one time all the country west of Port Orange, surrounding the old mill, was a vast sugar-cane and indigo plantation. The mill was operated extensively in those days but has been in disuse for thirty or forty years.

A pretty automobile or carriage drive from Daytona is via the ocean beach to the approach of the Port Orange bridge, across the bridge and then passing through Port Orange to the ruins of the celebrated old sugar mill, returning to Daytona by the road on the mainland. This drive affords a very pleasing variety of scenery.

## DELAND, THE ATHENS OF FLORIDA

DELAND, the county seat of Volusia County, is situated 23 miles southwest of Daytona and is reached from the latter city by an excellent hard-surface road recently constructed.

At Deland is located the John B. Stetson University, one of the leading educational institutions of the South. Because of the interest in matters educational Deland is known as "The Athens of Florida."

Stetson University has a faculty of 50 professors and instructors. There are over \$400,000 in buildings and equipment; nearly \$300,000 endowment; a Carnegie Library alone representing an investment in building, endowment and books, of more than \$120,000. The library is the United States Government depository for the State of Florida, and contains over 15,000 volumes. Science Hall, one of the newest of 16 buildings, with its furnishings, represents an outlay of \$60,000. Elizabeth Hall is one of the most beautiful college buildings in the South.

The city has a population of about 3,500, with a thickly settled country adjacent. Deland proper is five miles east of the St. Johns River, on the high, rolling pine land of the great "Orange Ridge" of Florida.

The predominating products are oranges and grapefruit, the estimated crop from this vicinity being over 300,000 boxes this year. Grapes, peaches, pears, Japan persimmons, plums, pecans, guavas, strawberries and other fruits are grown in plenty.

In the way of public improvements are many miles of fine shell roads, an excellent high school, electric lights, a system of waterworks that is owned and operated by the city, supplying the purest water at little cost.

Nine houses of worship testify that Deland is a church-going community. Baptists, Episcopalians, Methodists (Northern and Southern), Presbyterians, Christians and Catholics, besides colored Baptists and Methodists, are represented.

The graded school offers a ten years' course, and the building which it occupies is newly furnished throughout, and is one of the most commodious and best equipped public schools in the State.

The trip from Daytona to Deland is made by automobile in a little over an hour, and there are many pretty drives in the vicinity of the county site. A good road leads to DeLeon Springs, five miles, a historic spot, where 60,000 gallons of water bubble from the earth every minute.

From Deland automobiles go south to Osteen, 18 miles, on shell and marl roads; the St. Johns is crossed by ferry near Osteen and cars can then continue to Sanford and Orlando by hard road. There is a shell road from Deland to Orange City, five miles, and a good road from Deland to Lake Helen, a like distance.

Camp Cassadaga, a spiritualistic campground is situated near Lake Helen and at this place several hundred people make winter headquarters. A large lumber mill and the largest brick plant in the South are located at Lake Helen.

## ORANGE CITY

The principal attraction around Orange City is the many handsome golden orange groves. The town is supplied with water said to be the purest in the world, another attraction to visitors. It is at Orange City that passengers over the Florida East Coast Ry. transfer to carriages and drive to Deland. The town is surrounded by land peculiarly adapted to the cultivation of citrus fruits.

**MISS KNOX, OF STETSON, INTERESTS THE BROTHERS.**  
 The Mothers' Meeting held in the hall Wednesday afternoon was well attended and Miss Knox's lecture aroused a good deal of interest among her hearers.  
 The program was opened by a piano solo by Miss Williams, followed by a song, "Little Red Blue," charmingly rendered by Mrs. Knabing.  
 Mrs. H. V. Stetson, president of the Mothers' Club, then introduced Miss Knox to the audience, and she addressed the mothers more particularly on the subject of educational play, and the educational value of kindergarten, which was received with marked interest. After the lecture the program was appropriately closed with a second song by Mrs. Knabing, "God Bless."

Most of our club who have been suffering with the grip and several others are out on the street once more. Florida weather seems to be setting back into its accustomed satisfactory, rainy and sunny condition.  
 James E. Francis was taken and held in his work Friday night and has been compelled to spend several days in bed. His trouble is indigestion. C. H. Baker has taken his place at the store as book keeper until he is able to be at work.  
 Max Helen Culler of the Woman's Board of Foreign Missions, Boston, was here Monday and Tuesday. An appreciative audience greeted her at the Y. L. A. on Monday afternoon. Part of her talk was for several of the children who came to after school. The desire of the Woman's Board is to organize a branch among the women of Florida and neighboring states. Practical steps may be taken at the State Meeting of Congregational churches in St. Paul. Miss Culler has come on down the coast and will give this visit May West, and return to the next coast. She was the guest of Mrs. D. W. Lewis and Mrs. C. B. Williams when in Ormond.  
 The card party this week was at the Y. L. A. Thursday night under the auspices of the Fourth Day club. Miss Louie Yale and Miss Weatherbee were the hostesses.  
 Demands for balls at the Hotel Ormond are so heavy that C. A. Crockett took a party up the river Tuesday in his new boat, the Osh, thus cutting him out of the best race. W. F. Culler took another party out on Thursday in the Albia.  
 Among recent arrivals at Rose Villa are the following: J. A. Tradition and wife, Cumberland Mills, Md.; Mr. Nash and Miss Julia Nash, Red Lion, N. H.; C. S. Newman, New York; J. J. Jordan, Charleston, S. C.; W. C. Bussell, Jacksonville, Conn.; J. L. Liddon, Jacksonville; Fred Dunham, New York; F. C. and M. B. Chiswell, Polaris.

Mr. and Mrs. A. W. Simpson, of Canton, Ohio, have joined their friends, Mrs. C. A. at the Yvonne home.  
 Mr. George M. Chapman and wife of Chicago, have taken suite at the Midler for the rest of the season.  
 The Fourth Day Club met with Mrs. Rachel Reed this week. The next meeting will be with Miss Mrs. C. A. Chapman on Wednesday afternoon, beginning at two o'clock.  
 George W. Newcomb and wife and Samuel O. Newcomb and wife, of Bridgeport, Maine, have been spending a few days at Mrs. Newman's. They have gone on north but will return to Ormond soon.  
 Arrivals at Midland Lodge include the following: C. S. Newman, New York City; Mrs. C. S. Newman, New York City; A. B. Borden, New York; J. J. who is a friend of A. B. Borden; Mrs. E. H. Hopkins, J. N. Hopkins, Miss Vivian Hopkins, Chicago, who are friends of J. A. Baffly.

**MISS KNOX, OF STETSON, INTERESTS THE MOTHERS.**  
The Mothers' Meeting held in So-cial Hall Wednesday afternoon was well attended and Miss Knox' lec-ture aroused a good deal of enthusi-asm among her listeners.

The program was opened by a piano solo by Miss Willaume, followed by a song, "Little Boy Blue," charm-ingly rendered by Mrs. Endsley.

Mrs. H. Y. Stillman, president of the Palmetto Club, then introduced Miss Knox to the audience, and she ad-dressed the mothers more particularly on the subject of educational play, and the educational value of Kinder-gartens, which was received with marked interest. After the lecture the program was appropriately closed with a second song by Mrs. Ends-ley, "Sail Away."

Miss Knox, at the close of the Ed-ucational Convention held at DeLand Christmas, was assigned the East Coast territory in the work of ex-tending the kindergartens in the State by the Florida Kindergarten Circle, and it is in the interest of this work that she is now off duty for a few days from the Stetson Kindergarten, of which she is director.

Miss Knox visited the Kindergar-ten room Thursday morning and gave the children a very interesting talk. She carries with her the earn-estness and enthusiasm for her work which makes success.

**NEWS OF THE HOTELS**

Elmer B. Clark, of Boston, is a recent arrival in Daytona and is at the Glenn.

Cards, whist, bridge and five hundred regularly engage the attention of the guests at The Pines during the evenings, when not otherwise entertained.

The following party arrived from Aurora, Ill., and are guests at The Glenn this week; Mrs. T. L. Ballard and daughter, Miss Ethel E. Ballard, and Mr. and Mrs. E. Eastmen.

Arrivals at The Ridgewood: Mrs. Jennie Darrow Moore, Mrs. Jennie O. Darrow, Chicago; Mr. and Mrs. O. T. Masters, Mrs. Grace Savage, Philadelphia, Mr. and Mrs. Chas. Aken, Irondale, Ohio.

Mrs. Lula Shepherd and son and friends, Mrs. D. B. Ware and Mrs. Jennie Washburn, a party from Fitzgerald, Ga., arrived from Miami Wednesday and are pleasantly located at the Pines.

Mrs. Chas. Betts and Miss Anna Lyon and Bell Huyler, of Newark, N. J., arrived Monday and received a warm welcome from the Palmetto household. They are season guests and have spent many winters at this house.

The Ridgewood and The Despland have both been taxed to the limit of their capacity to accommodate the tourists who apply to them, and have been disposing of their overflow in nearby rooming apartments, for the past two or three weeks.

Yesterday's arrivals at The Despland: Mrs. S. M. Hunter, Miss Louise Hunter, Newark, O.; Wm. Law son, Mrs. Lawson, Buffalo, N. Y.; Mr. and Mrs. Geo. S. Brown, Cincinnati; Mr. and Mrs. D. H. Burrell, Jr., Mr. and Mrs. H. S. Hack, Taunton, Mass.

Recent arrivals at The Palmetto: Jas. P. Robertson, New York; Mrs. Chas. Betts, Miss Anna Lyon, Miss Bell Huyler, Newark, N. J.; H. E. Wetwer and wife, Cedar Rapids, Ia.; Mr. and Mrs. Thos. J. Taylor, New York; Mrs. Herrod Wilson, Jacksonville; Mr. and Mrs. G. G. G. Peckham, Mr. and Mrs. H. Finch, Dayton, Ohio; Mr. and Mrs. V. C. Recker, Orlando; J. G. Craig, J. F. McCarthy, Philadelphia.

Speaking to L. M. Waite, the general manager and owner of the Despland, one of the guests remarked in the presence of a Daily News reporter, "I have been hearing all along that Daytona was not only the prettiest city in Florida, but had more beautiful excursion trips than any other tourist towns in the State, and now," she continued, "our party has tested the matter, and are satisfied that all the nice things we have been hearing of your city are true."

Recent arrivals at The Pines: O. A. Arnesen, Chicago; L. W. Kilts, and wife, Miss Martha Kilts, Mrs. I. E. Dormet, Miss Alice Dormett, Cobleskill, N. Y.; Miss Emma H. Morton, Miss Hazzard, Columbus, O.; A Bartholomew and wife, Delta, Ohio; R. W. Pike, Grant; Mr. and Mrs. Albert E. Roonz, New York; Miss Ella Miller, Miss E. **DRIVER OF CAPSIZED**

CAR MAKES STATEMENT.

Fred Fluhart, whose automobile was capsized on the New Smyrna road, Wednesday afternoon, while he was backing his machine from the Spruce Creek bridge to make room for an approaching car, says the accident was caused by the other machine striking his, with force enough to start it backward over the embankment and that the driver of the offending car continued his course without stopping to make inquiry or offering assistance.

**NEW CLUB HOUSE ASSURED.**

Two meetings of the Ormond Yacht Club have been held within the past week. The net result is the completion of the constitution and by-laws and the final authorization of the building of the clubhouse.

Last Saturday night was so stormy that less than half the club could attend, so after some discussion the meeting was adjourned to Wednesday night. Nearly every member was on hand for the second meeting.

The building committee were prepared with final plans and specifications. They reported on a building twenty-six by thirty-four feet and two stories high. Careful figuring placed the cost of this building with doors, windows, floors, outside walls and necessary partitions down stairs at \$1,000.00. By unanimous vote the committee was authorized to spend \$1,000.00 in putting up the building.

They then voted for a fire place, which is provided for in the plans but left out by the committee for the present. This will cost from \$50.00 to \$75.00 more. The additional money was raised by voluntary subscription. Israel Putnam donated the \$15.00 first prize won by the Anting-Anting and a number of members put up \$5.00 each.

Further action was taken on the question of location resulting in a unanimous vote that the west end of the building be placed 150 feet east of the sea wall. The building committee was authorized to confer with Mr. Waldron and the Union Church trustees and to execute a lease of such parsonage lands as may be needed and agreed upon for the location of the building.

After listening to the report of the judges on the first boat race of the club, which took place on Washington's Birthday, the adjournment was taken subject to the call of the president.

Two new names have been added to the roll of charter members, A. K. Baker and Milo McNeal. This brings the number up to forty-nine shares. The building committee will at once begin building the clubhouse.

Mr. and Mrs. Stevens, Mr. and Mrs. Weizell and Mr. Carr, on Palmetto avenue, had a boat trip down the river the latter part of last week, stopping at New Smyrna and other points for several days' outing. They made the trip in Mr. Stevens' boat, and returned in fine spirits.

## EXCELLENT PRINTING

A new press has also been installed by the Daily News---a Mergenthaler Linotype is also among the new acquisitions to the plant. All this in itself may be of no particular interest to you but it helps bear out the assertion that the Daily News produces the Best Kind of Job Printing. And bear in mind the best kind costs little more than the "botchy" kind.

**A Surprise For the Hunters.**  
"If the lair of a leopard is known," says a writer in the Wide World Magazine, "stones will generally dislodge the lurker. I recall one occasion when a leopard was supposed to be located in a cave near camp. The guns were placed around in positions commanding the exit, and a few stones were then thrown in. There was no result at first, but as more and larger stones crashed in there came a faint humming and then a roar like the sea under the cliffs. In a moment the air above the cave's entrance grew dark with bees! As one man sportsman and gun bearers fled for the camp. A few were slightly stung before they could reach their tents and pull the flaps over the entrances, which the bees for some time besieged. Incredible though it may sound, it is the truth that, although the camp was full of native servants, horses, etc., none of those who had remained behind and were not concerned in the attack on the bees' cave were stung. It was a considerable time before the bees beat a retreat, but during all the time that they stayed in the camp it was the tents of their aggressors exclusively round which they angrily buzzed."

**The Crab in the Whale's Ear.**  
When the whales were still frequent along the lines of passenger travel across the Atlantic nothing was more common than to see the great beasts hurling their bulk clean out of the waves and, after a flight through the air, falling back into the sea with an enormous splash, a spectacle never falling of interest to the ocean tourist, but not due to any sportive disposition on the part of the leviathan of the deep--quite the contrary. The breaching of the whale is no fun for the beast. It is a frantic effort to rid himself of the torture of carache. There is a marine crustacean which pesters whales to the verge of endurance, and there seems reason to believe that some whales have been driven insane by these tiny parasites. It is a crab of about the size of that which is found in the oyster. When it lodges on the whale it infests the inner surface of the eyelids and the ear. By swift rushes on the surface the whale is able to clear its eyes, but the crab in the inner ear cannot be dislodged by any such means.

**"Ox Eyes" For Two.**  
The drawback of fancy names for dishes is their tendency to be deficient in prosaic information. Would you order "angels on horseback," for instance, if you did not know what sort of thing it was? And to appeal to the waiter to interpret is humiliating. A correspondent recalls his own fate in the matter of "ochsenaugen" (ox eyes). Having repeatedly seen them on the menu among the pudding class during a tour in Germany, he and his wife eventually ordered them. "Two portions?" asked the woman waiter. "Oh, yes, two portions." It proved that two portions of ox eyes meant six fried eggs--as the final course of a hearty meal. And, as the wife had the moral courage to refuse to eat more than one, the cowardly husband, unwilling to give away that he had not known what he was ordering, had to worry down the five others.

**A Startling Hat.**  
A lady's hat which would no doubt create as great a sensation today as it did at the time of its first appearance in 1352 was that worn by Blanche de Bourbon, queen of Castile, wife of Peter the Cruel. It cost £35 and was made in Paris. The hat itself was composed of de chypre and relieved with great pearls, garnets and enamel work. Children, carved in the whitest of ivory, were depicted picking acorns of pearls from the oak and scattering them to the swine below. Birds were singing in the trees, and at the foot were bees stealing honey from the flowers springing up from the verdure.

**Fresh Air For Sleeping.**  
A person requires twenty cubic inches of fresh air at each respiration, or on an average of 400 per minute, and in ten hours' sleep he consumes 130 cubic feet of air. The air of a bedroom ten feet square, having its doors and windows closed and occupied by one person, would become unfit for respiration in four hours. In the case of two occupants the time would, of course, be reduced to two hours.--New York American.

**Points on the Market.**  
Old Gentleman (in broker's office)--Now, what do you think I might buy? Broker--You ought to have some Chartered. Old Gentleman--Why, I was only thinking coming up in the train that I ought to sell some Chartered. Broker (who wants a commission)--Well, that's not a bad idea, either.--London Financial Times.

**A Dried Up Spring.**  
Editor--I understand, Mr. Pennyman, that you have married. Pennyman (sadly)--Yes. Editor--That will perhaps infuse new life in your mother-in-law jokes, eh? Pennyman (more sadly)--Alas, that is a thing of the past. The mother-in-law is no longer a joke with me.--Brooklyn Life.

**An Appreciated Kindness.**  
"Mr. Growell," began the visitor, "I don't want to disturb you"--  
"Very considerate of you to come in here just to tell me that," said the busy man. "I appreciate it, sir. Good day!"--New York Journal.

**Easy Money.**  
Hard Featured Woman--So you had money once, had you? May I ask you how you made your first thousand dollars? Tuffold Knutt (wiping his eye with his coat sleeve)--Ma'am, I dreamt it!--Chicago Tribune.

## A BLACK HAND LETTER

By M. QUAD.  
(Copyright, 1910, by Associated Literary Press.)

Major Cleveland, retired, was in the wrong of it. He had permitted and tacitly encouraged young Mr. Herbert to visit the house and listen to his war stories and fall in love with his daughter Janet, and then when he asked for her hand he had drawn himself stiffly up and replied:

"It cannot be, sir! I am of the army, sir, and, though retired on half pay by a grateful country, once of the army always of the army. My dearest hope is for Janet to marry a colonel in active service. I shall speak to her at once, sir--at once."

"Janet," the major said the next day to his daughter, "there must be no more of this nonsense between you and young Herbert."

That was all. The major congratulated himself that his order would be obeyed, and Miss Janet put on a look and assumed the attitude of a broken hearted girl not long for this world. The mother became worried and protested, and the major became a little bit anxious and talked about spring tonics, though he had no idea of countermanding his order. All might have gone well if the grocer who supplied the house hadn't called his delivery boy a slouch and a lazybones and if the said boy hadn't fired up and quit his job. Another took his place just as Miss Janet wanted to send a note to her lover real bad. The change of boys perplexed her for a moment, and she hadn't time to go into explanations further than to hand him the missive and 10 cents and mention Mr. Herbert. The boy grinned and nodded, and the wagon rattled away, and ten minutes later he was perusing the letter. His name happened to be Herbert, and he happened to be a vain boy, and he further happened to believe that Miss Janet had got struck on him. It was a proud moment for him, for he already had another girl on the string. She worked in a shirt factory, and she wasn't a tony girl, but he loved her. He was also jealous of her, and now was his chance to get even.

Mr. Herbert did not get the note intended for him; Miss Janet did not get a reply as expected; the mother saw new cause to believe that her daughter was not long for this world, and the major sighed and wished that some one would come in and listen to his war stories. That grocer's boy had brought butter, eggs and potatoes, but he had left a load of carking care behind him. Next morning brought something like a sudden thunderclap. Miss Janet received a letter mailed at the village postoffice the night previous. It was ill spelled and was not capitalized or punctuated at all. It was signed "Black Han," and it contained some dire and awful threats. If she did not change her course she would be shot, stabbed, clubbed, boiled in oil and die many other ways. It was to be a first and last warning, and there were many "beware's" in it. Janet was frightened, her mother was more so, and the major swore by the bloody sword he had used at Gettysburg that he would get at the bottom of the mystery if he had to call out the entire army of the United States.

The village marshal was consulted, and he struck a clew. That clew led to a tin peddler, who fainted away when arrested. Other clews were struck and followed, and before night of the first day five persons had been hauled to the lockup. The Black Hand had reached Clifton at last, but it was to be rooted out forthwith. On the second morning after receiving the letter Janet saw the grocer's boy at the back door again, and as she took a bunch of asparagus from his hands she found a missive with it and also received a wink from him. She passed the wink by and ran up to her room with the letter. In a moment she had the Black Hand by the throat. "I showed her your luv letter to me," read the letter, "and she took on awful. She was jelus, and I guess she wrote you last nite. Don't mind her. I will shake her for you."

Herbert, the grocer's boy, had taken over the ownership of the missive for Herbert, the lover. He had shown it to the shirtmaker, and her jealousy had been aroused. She it was who had written the "Black Han" letter. Major Cleveland was plunging around and telling the whole town what he was going to do when his daughter put him on the right track. He rushed off to see the shirtmaker and frightened her into owning up, and he had returned home to tell what punishment was to be inflicted when Miss James inquired:

"Papa, do you want everybody to think I am in love with that grocer's boy?"

"By heavens, no!" he shouted.

"Or that a shirtmaker is jealous of your daughter?"

"Don't talk that way!"

"The note I wrote was to Mr. Herbert, the lawyer. The grocer's boy has the same name, and he thought it was for him. Can't you see that you had best drop the matter at once?"

"But the village marshal has arrested five persons and is after others."

"But he can let them go."

"But I told you to have nothing more to do with that Herbert."

"And is it right that all you have gone through as a brave soldier should be kept locked in your own bosom? Can't you see how much better it would be to drop this Black Hand business and its gossip and invite Mr. Herbert up to hear you tell how you took the enemy in flank at South Mountain?"

The major thought it over, and Mr. Herbert was invited to return, and as one of the family he has got to be quite a war talker himself.
